

## Involve Yourself

*"There are those that look at the way things are and ask why? I dream of things that never were, and ask why not?"*

**- Robert F. Kennedy**

If you in fact dream of things that never were, but continue to ask "why not," then you might consider these opportunities with Shoulder to Shoulder....

### Volunteer:

We have met incredible people here in Honduras who have given of their time and talent for three months, six months, a year, or more. With the gifts they already had, and the experience they garnered, they are destined to do incredible things with their lives. It won't make you rich, but it will give you a feeling of contentment. Why not?

### Form a Partnership:

We depend on shoulder to shoulder relationships to enact our mission. Do you belong to a school, an association, a church, a synagogue, or a group of any kind that might consider how to partner with us in our mission? There are a variety of ways to do it. Maybe you would like to form a service brigade? Maybe you'd like to involve yourself with a classroom at the bilingual school or the high school in Camasca? Whatever it is, we'd appreciate the opportunity to dialogue with you. Contact us.

## Sponsor a Child at the Bilingual School:

This is one of the most meaningful ways to support our mission and form a relationship with a child. Involve yourself with how a young person develops. Understand the struggles they face, their dreams and aspirations, and how they view the world. The relationship that you will share with a child engenders hope. You will find meaning and wonder in your relationship.

## Make a General Donation:

The generosity of our donors is what has sustained Shoulder to Shoulder for almost three decades. It cannot be done without the support of people who seek to shoulder the work. We can accomplish so much with so little. We will honor your gift in the integrity of service.

**Everyone gets a shovel!**
